

A Very Special Event
FOR WOODSTOCK BUSINESS
AND COMMERCIAL PROPERTY OWNERS

SAVE \$ - SAVE THE PLANET

Find out about incentives and rebates available to commercial properties that will increase your energy efficiency and reduce your energy bills.

You are invited to join us for a gathering
of our business community. The event is free.

Wednesday June 18th
5:30-6:30 pm Oriole 9 17 Tinker Street

With representatives from:

- NYSERDA - *Pat Courtney Strong*
- Lighthouse Solar - *Jessica Barry*

And special guests:

Ned Houst, Bob Whitcomb, Roz Balkin and Mark Antman who will discuss their experiences with renewable energy sources for their commercial properties and the evolution of green energy projects in Woodstock.

Find out how to:

- Apply online through the New York State Consolidated Funding Application (CFA) for lighting, heating and cooling equipment rebates from NYSERDA.
- Choose a solar installer and evaluate a solar installation proposal
- Understand the difference between buying and leasing a solar system
- Help your property and your business become cleaner and greener in a cost effective way.

After this winter, preparing for a resilient and energy efficient future
makes more sense than ever.

Let's work together to help the Woodstock community meet
its carbon neutral goal.
